

DISCOVER NEW HORIZONS

SMARTTEC

INNOVATION DAYS 2024

AGENDA

ABOUT THE EVENT

Discover pioneering innovations that increase efficiency, sustainability and competitiveness in your company at the smartTec Innovation Days 2024.

The in-house event offers you the opportunity to take advantage of **live demonstrations, specialist presentations and valuable networking opportunities.**

From **5 to 7 November**, we will be presenting highly innovative, target-oriented solutions and concepts from our own development as well as pioneering production technologies from our partners.

The smartTec Innovation Days 2024 will focus on the following topics

- **smartTec Factory Solution** - networking of man, machine, material, method and management
- **smartProLog** - the award-winning and patented storage and logistics solution
- **Synchronous Motion Selective Soldering** - selective soldering on a new level
- **smartAIMag** - the patented and flexible AI magazine oven for all thermal applications
- **Go Green** - a contribution to sustainable production in the field of soldering materials

The agenda is repeated on all three days, thus ensuring maximum flexibility in your planning.

PRESENTATIONS IN ENGLISH - SEMINAR ROOM 1

Time	Topic	Referent
09:00 - 09:40 a.m.	Go Green Sustainability Solutions in Soldering Materials	Joachim Dentler Key Account Manager South smartTec GmbH
09:45 - 10:00 a.m.	Connect & Coffee	
10:00 - 10:45 a.m.	Business analysis ROI as a driving force	Uwe Geisler Managing Director smartTec GmbH
11:00 - 11:45 a.m.	The excellent storage and logistics solution - smartProLog	André Walter Area Sales Manager North smartTec GmbH
12:00 a.m. - 1:00 p.m.	Lunch	
01:00 - 01:30 p.m.	Next Level in Selective Soldering The Synchro Line	Stefan Busch Area Sales Manager North smartTec GmbH
02:00 - 02:45 p.m.	smart Factory Solution smart.e.connect, smartControl & 5M	Uwe Geisler Managing Director smartTec GmbH
02:30 - 03:00 p.m.	Connect & Coffee	
03:00 - 03:30 p.m.	KI magazine oven smartAIMag	Marco Diehm Area Sales Manager South/West smartTec GmbH

Alternatively, we also offer the above presentations in German. You will find the schedule on the next page.

PRESENTATIONS IN GERMAN - SEMINAR ROOM 2

Time	Topic	Referent
09:00 - 09:45 a.m.	Business analysis ROI as a driving force	Uwe Geisler Managing Director smartTec GmbH
09:45 - 10:00 a.m.	Connect & Coffee	
10:00 - 10:45 a.m.	The excellent storage and logistics solution - smartProLog	André Walter Area Sales Manager North smartTec GmbH
11:00 - 11:25 a.m.	Next Level in Selective Soldering The Synchro Line	Stefan Busch Area Sales Manager North smartTec GmbH
12:00 a.m. - 1:00 p.m.	Lunch	
01:00 - 01:45 p.m.	smart Factory Solution smart.e.connect, smartControl & 5M	Uwe Geisler Managing Director smartTec GmbH
02:00 - 02:25 p.m.	KI magazine oven smartAIMag	Marco Diehm Area Sales Manager South/West smartTec GmbH
02:30 - 03:00 p.m.	Connect & Coffee	
03:00 - 03:30 p.m.	Go Green Sustainability Solutions in Soldering Materials	Joachim Dentler Key Account Manager South smartTec GmbH

LIVE DEMO STATIONS

Topic	Times	Room
Next level in selective soldering The Synchro	All day every half hour	to be announced
smartProLog	All day on the hour	to be announced
smartAIMag	All day on the hour	to be announced
smart Factory Solution smartControl, BDE, OEE, PPS, MES, smart.e.connect & RFID	All day on the hour	to be announced
Stencil printing process & soldering materials	Permanent Presentation area	to be announced
Soldering stations	Permanent Presentation area	to be announced

The last demonstration will take place at 4:00 p.m.

ABOUT US

The smartTec Group has been your solution provider for Europe for over 20 years!

With comprehensive line solutions, strong partner companies and an excellent warehouse and logistics system, we offer a uniquely broad portfolio. Shortly after smartTec GmbH was founded in 2003, we positioned ourselves as a recognised system supplier for electronics manufacturers in the DACH region.

With the acquisition of Peter Jordan Nordic (now smartTec Nordic) in 2008, we also expanded into the Scandinavian countries.

The reorganisation into three business divisions in 2014, the development of our own smartControl line control software 2015 and the market launch of the process and transport modules under the name smart.e.connect in 2018 allowed us to grow further. Finally, we expanded into the Baltic countries in 2024.

Today, we are a globally recognised system integrator with a large number of line installations around the world.

Always be **smart** informed! Follow us on LinkedIn.
